

THE MODERN HOME HEALTH PROFESSIONAL IS MORE THAN A CLINICIAN

Home healthcare helps patients recover, regain independence and become as self-sufficient as possible, all while allowing clinicians to practice their profession in a rewarding and meaningful way.

COACH

Listen to a patient's beliefs, fears, values and perceived limitations, and find a way to incorporate new healthy habits that the patient is trying to achieve

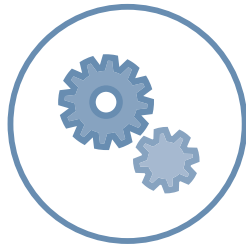

ADVOCATE

Promote, advocate for, and strive to protect the health, safety and rights of the patient

MUTUAL PROBLEM SOLVER

Help patients and caregivers understand how to confront, learn and think about their health and illness

TRANSLATOR

Translate the healthcare language in a way that patients and their families can understand (patient health literacy)

RELATIONSHIP MANAGER

Link between the patient, physician and care team in communicating the patient's goals of care

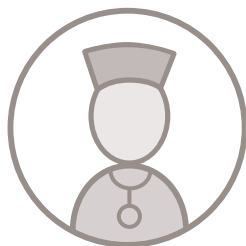

COLLABORATOR

Work well with other healthcare professionals, sharing responsibility for problem-solving and making decisions to formulate and carry out the plan of care

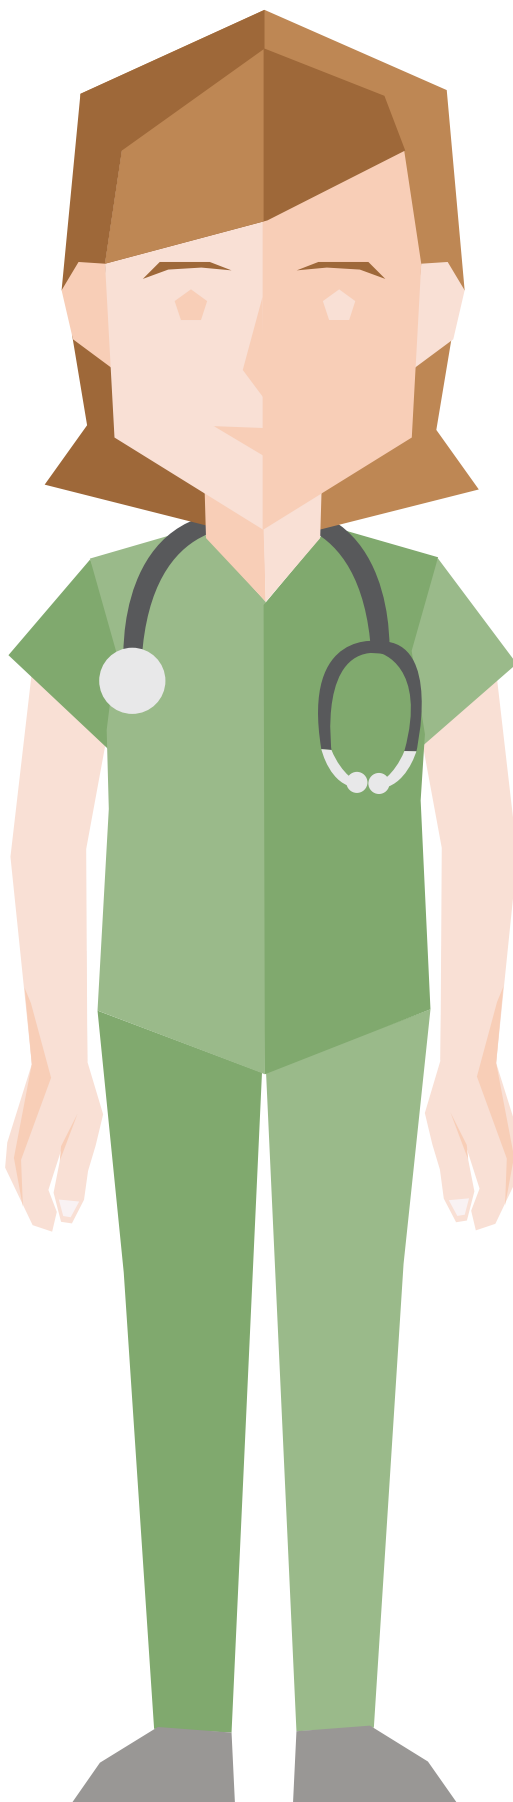

CLINICIAN

Provide the highest quality of clinical care for patients and their families

MEDICATION MANAGER

Help patients reconcile, understand and manage their new medication regimen

Amedisys offers a home for clinicians.

Whether you're just starting down the home health path or you've been in the industry for many years, we're ready to welcome you to our family.
